## Thriving Superheroes!

**Aim: This resource provides an activity for teachers and students to explore the 2023 Fringe Art Trail theme of Thrive.**

*Your first task is to create a design for your own personal superhero!*

*This superhero is here to help their community THRIVE!*

*What special powers do they have to help create a world that is happy, healthy, joyous, curious and strong?*

*Once you have designed your hero how will you bring them to life?*

*Will you create small sculptures? Will you create costumes? Will you create comic strips?*

*How else might they live in a shop window?*
